

College LaSalle

Final Project

Web Client Development

420-DW2-AS

Presented by: Mr. Salar N. Azadani

SUBJECT: Web Application

The project consists in designing and developing a web application. Development of the application and implementation of user interfaces using HTML, CSS, JavaScript (jQuery).

Note: You find the user description at the following section but keep in mind that you do not need to follow these web applications and you could select your own web application such as e-commerce (shopping online), tourism web app or

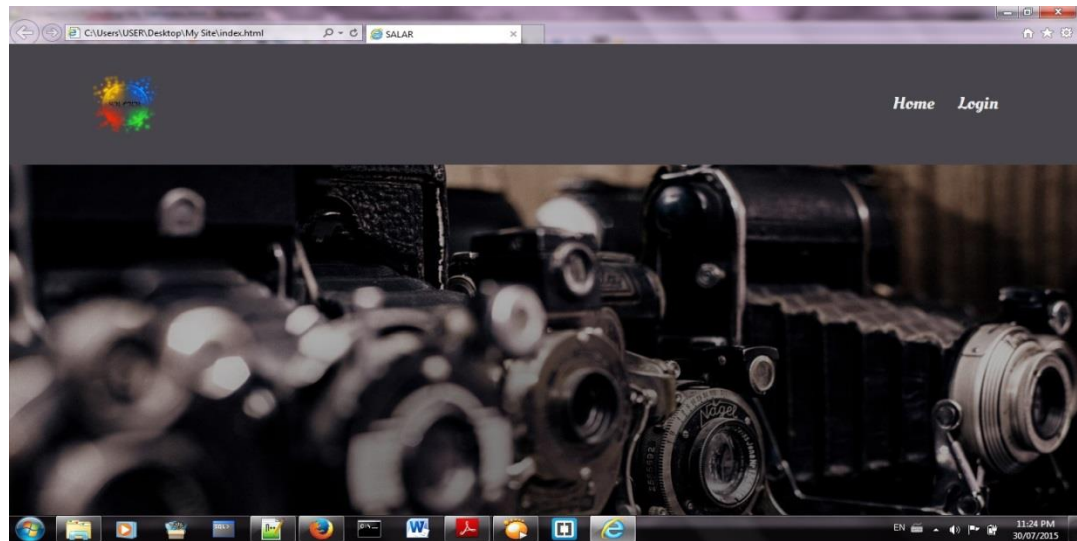

You must submit the project until April 20, 2020 at 23: 55.

USER DESCRIPTION:

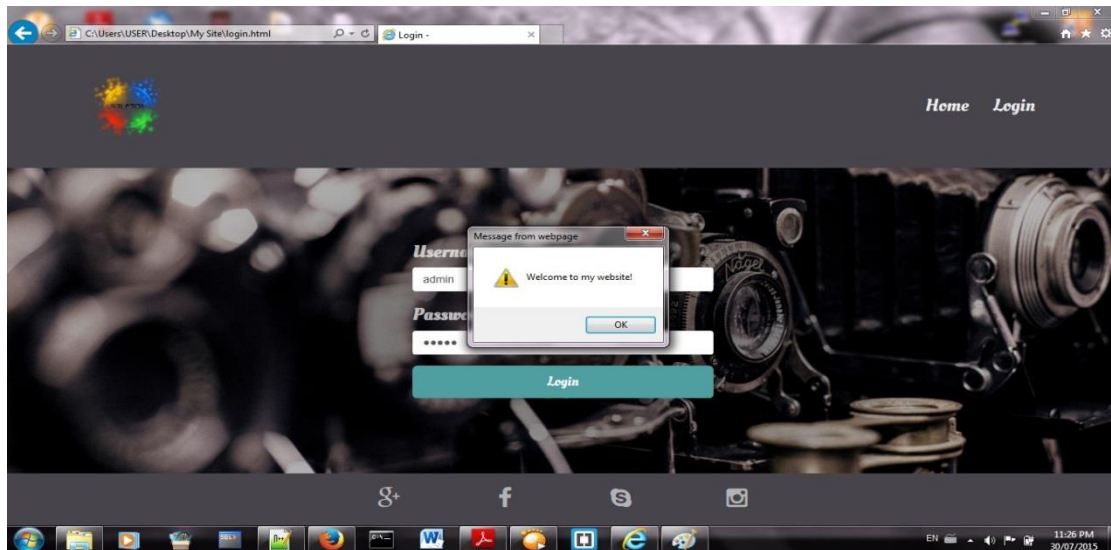

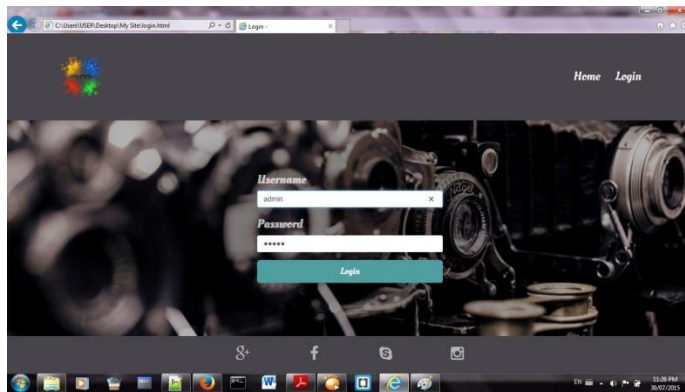

The web site is a photo gallery, including the Black&White and Color gallery.

In the Home page you have access just in two buttons, Home and Login and at the bottom of the page you have access to the social media such as Facebook, Google+, Skype and Instagram.

In order to access the site you have to login by using **username = admin, password = 12345**.

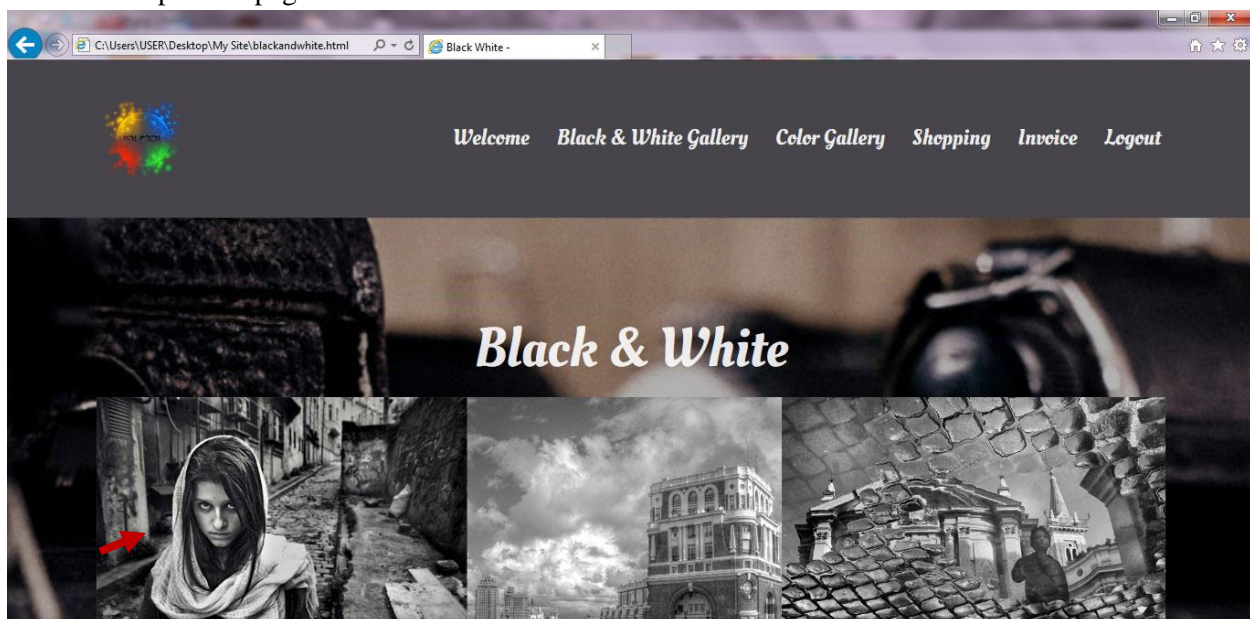

By clicking in login, the Login page will be displayed and you need to enter pass and username in order to access to other pages.

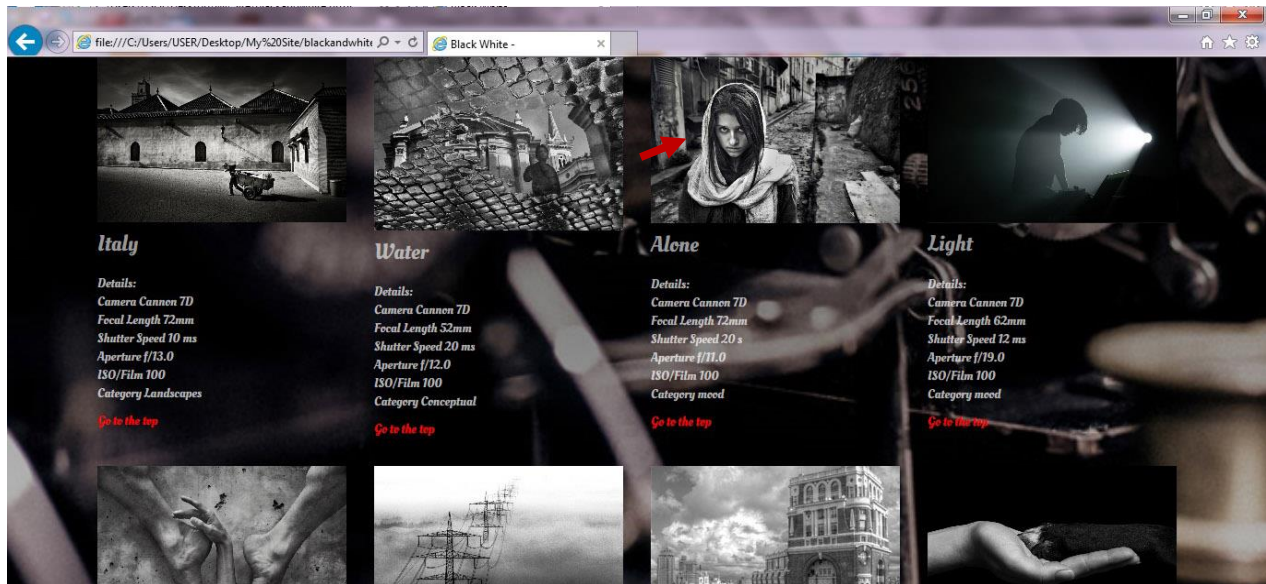

When you login, the Welcome page with greeting message will be shown and you will see other buttons like the Color, Black&White gallery and the Shopping, Invoice and Logout. By clicking on each of them you will be lead to each page.

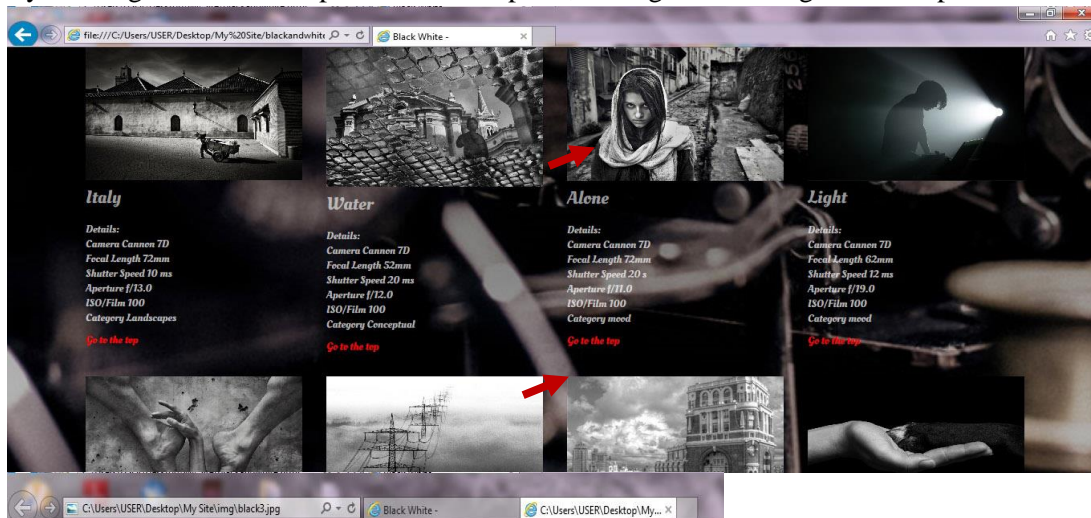

The Black&White gallery brings up a big image that contains multiple pictures, by clicking on each picture, you will be lead on the description of each picture and by clicking on the Go to the Top you will be back to top of the page.

By clicking on each small picture in description, the big size of image will be opened in new window.

The Color gallery has the same principle but instead of clicking, by searching the name of each image, description will be displayed.

Woman In Sunset

Highway

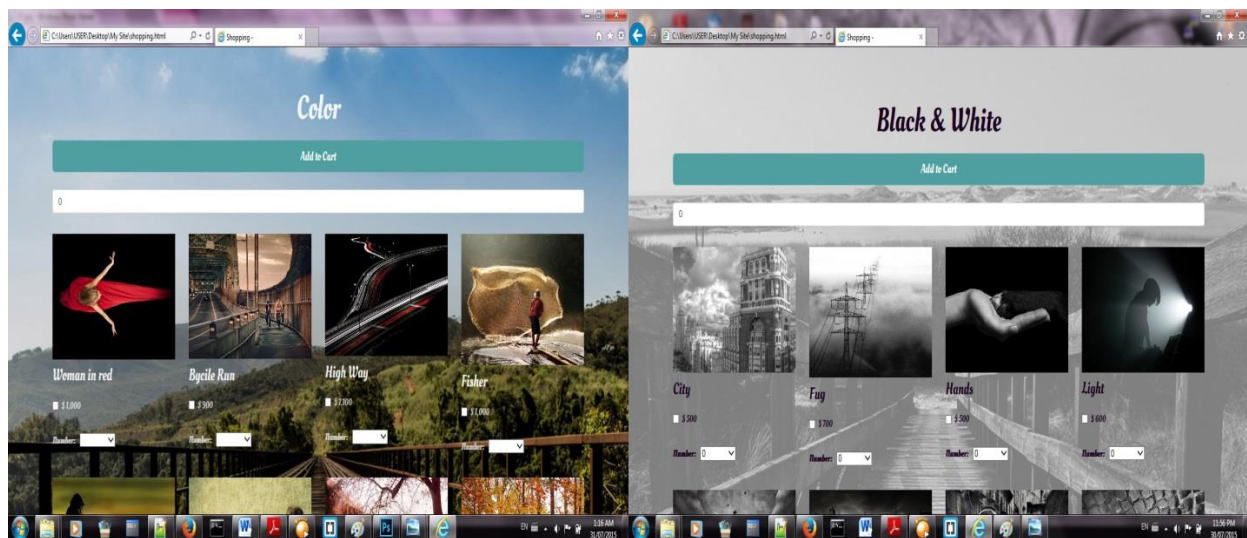

Bicycle Run

Mirror

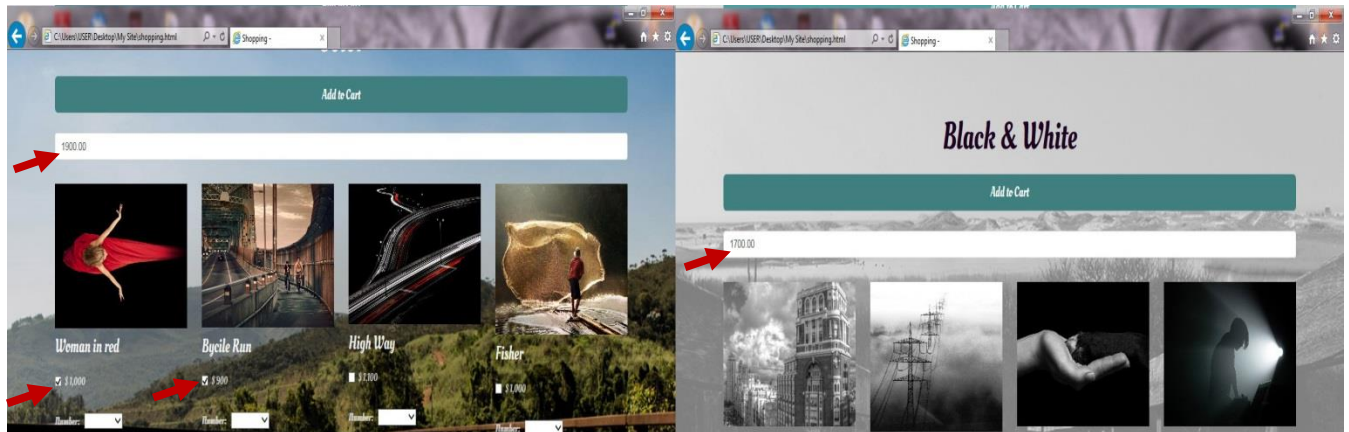

Also at the bottom of page you have access to all images with descriptions.

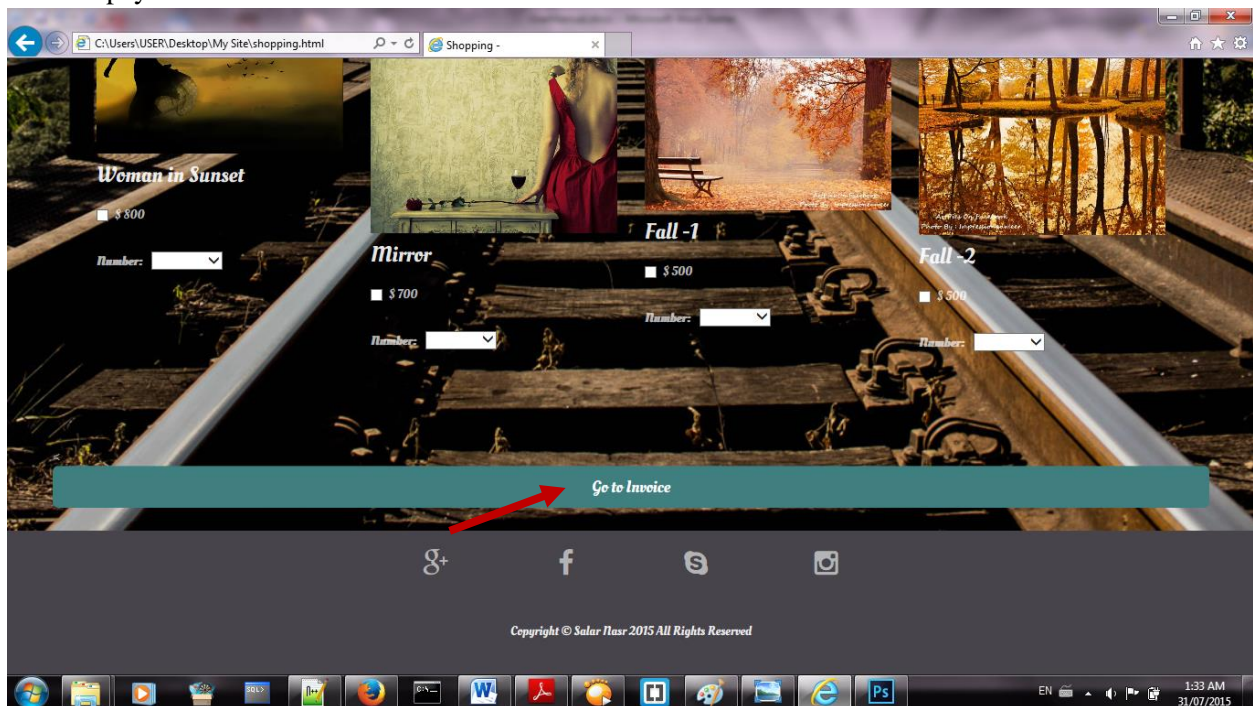

The next page will be the Shopping that includes all pictures in the Black&White and Color gallery.

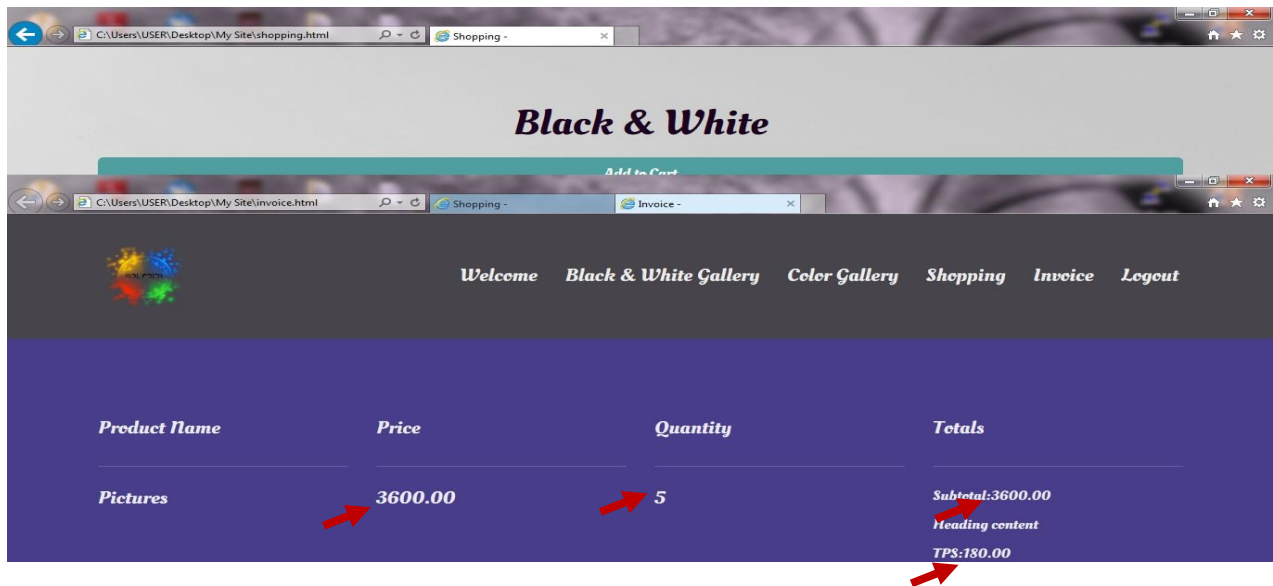

In each part, the Black&White and Color, you can choose maximum 4 images and add to your cart and see how much you will be pay for them.

At the bottom of the page by clicking on the Go to Invoice button you will be lead to the Invoice page in order to payment.

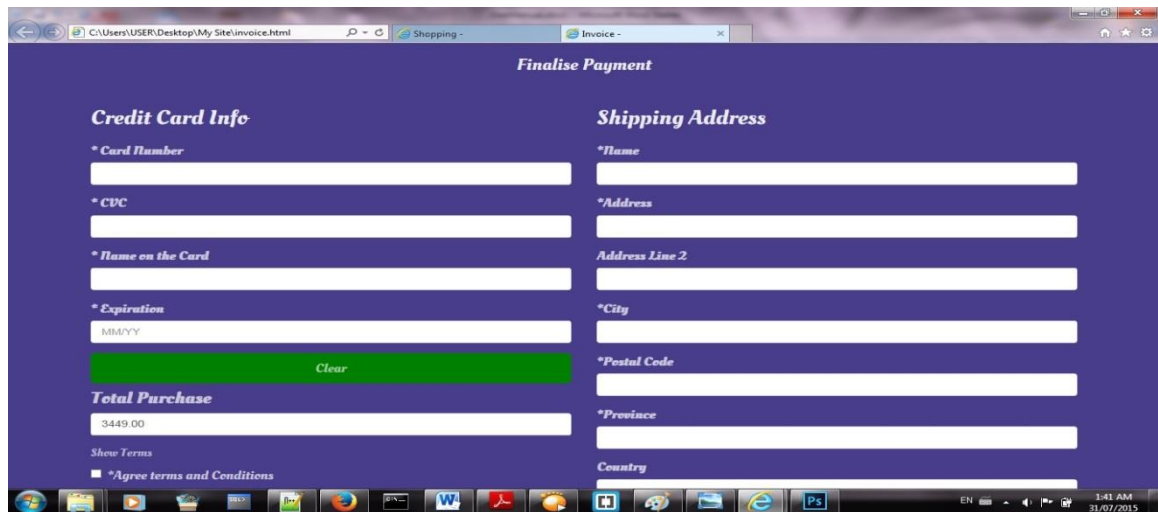

The Invoice page will be appeared with the number of products, the subtotal and TPS and TVQ tax on the hand.

Product Name	Price	Quantity	Totals
Pictures	3600.00	5	Subtotal:3600.00 Heading content TPS:180.00

When you scroll down , you will see the method of payment that is included the Visa, Amx and Mastercard.

The Mastercard and Amx with 16 numbers and the Visa with 15 number.

Finalise Payment

In order to finalise your order you need to fill up all parts that required by * , otherwise you will see an error message.

This screenshot shows a web form titled "Credit Card Info" and "Shipping Address". The "Credit Card Info" section includes fields for Card Number (1111111111111111), CVC (222), Name on the Card (aaaa aaaa), Expiration (06/15), and a Total Purchase amount of 4139.00. The "Shipping Address" section includes fields for Name (aaa aaa), Address (333 wwwwww), Address Line 2, and Province. A green "Clear" button is located below the expiration date field. A modal dialog box titled "Message from webpage" is displayed in the center, showing a warning icon and the message "Please Enter Valid Expire date(MM/YY)". The dialog has an "OK" button.

This screenshot shows the same web form as above. The "Expiration" field now contains "09/16". A modal dialog box titled "Message from webpage" is displayed in the center, showing a warning icon and the message "Please Enter Valid Card Number". The dialog has an "OK" button.

If you change your mind to cancel your order before pressing the Press order button, you can use the Clear button that is built in.

This screenshot shows the web form with the "Clear" button highlighted by a red arrow. The "Total Purchase" amount is now 0.00. The "Expiration" field still contains "06/15". The "Shipping Address" section includes fields for Name (aaa aaa), Address (333 wwwwww), Address Line 2, City (mmmm), Postal Code (a1a1a1), and Province.

And finally by pressing the Place Order button you will pay for all products that you want and see the Thank you for your shopping message.

The screenshot shows a web browser window with two tabs: 'Shopping -' and 'Invoice -'. The active page is 'invoice.html' located at 'C:\Users\USER\Desktop\My Site\invoice.html'. The page has a dark blue background and is divided into two main sections: 'Credit Card Info' on the left and 'Shipping Address' on the right. The 'Credit Card Info' section contains fields for Card Number (11111111111111111111), CVC (222), Name on the Card (aaaa aaaa), and Expiration (09/16). Below these fields is a green 'Clear' button. The 'Shipping Address' section contains fields for Name (aaa aaa), Address (333 wwwwww), and Address Line 2. At the bottom left, the 'Total Purchase' is listed as 4139.00. At the bottom right, there is a field for 'Province'. A small dialog box titled 'Message from webpage' is overlaid in the center, displaying a yellow warning icon and the text 'Thank you for your shopping', with an 'OK' button.
